

Social Media Policy

The Eager Free Public Library's (EFPL) Social Media Policy applies to staff and patron use of EFPL managed sites and social media sites. EFPL employs the use of social media as outreach to current and potential patrons, its community, and the general public. It is a cost-effective way to market and promote the library's activities and foster community among the library and its patrons. EFPL recognizes that technological advances must be embraced as useful applications within the library system. Modes of social media include, but are not limited to, Facebook, Twitter, Instagram, Flickr, YouTube, Tumblr, Pinterest, Foursquare, blogs, and apps.

Purpose

The purpose of this policy is to set ethical standards and rules for use of EFPL managed sites and social media sites. The policy also provides guidelines for staff of their responsibilities as representatives of the library.

Procedures

The Library Director and/or Assistant Director will be the managing authority. All library social media accounts are created only with permission from the Library Director. Similarly, changing the name, passwords, and settings of the social media accounts must be approved by the Library Director or Assistant Director.

All content is subject to being edited or deleted by the Library Director or Assistant Director. The Director or Assistant Director may also remove any tags or links to other accounts at their discretion.

All library social media sites and content shall be monitored and updated as time allows by appointed library staff. Daily monitoring of social media sites is expected in order to preserve the professionalism and integrity of the sites.

Photographs/Video

Programs, events, and classes may be photographed or videotaped for library promotional purposes. Notify library staff if you prefer not to be photographed.

The library is a public space. All library programs occur in public venues. Attendees to library programs do not have a reasonable expectation of privacy. Photographs/video may be taken during library programs. These photographs and videos may be posted on library maintained social media accounts.

As a courtesy, if a close-up photo is taken of one or two particular people, a photo permission form will be acquired before the photo is posted or used by the library.
