STRATEGIC PLAN 2022-2027

ACCESS

- Increase staff capacity needed to meet community interest in services, programs, and access to the library and its resources by establishing a multi-year capacity building plan.
- Increase the diversity of author voices and experiences in the collection.
- Increase inclusivity and access to service and resources by removing unnecessary barriers with the results being an improvement in patron satisfaction and an increased use of space, collections, and services.

LIFE-LONG LEARNING

- Increase overall library use by teens through developing strategies that are responsive to the needs of this age group.
- Maintain and create community connections to help address local needs.
- Decrease the overall age of the collection.

PATRON EXPERIENCE

- Increase opportunities for staff to learn about new technologies and develop new skills that will lead to improved service.
- Increase our understanding of the effectiveness of library programs, services, and resources through regular evaluation and assessment.
