

# Axolotl at the Library

By Brock and Maya

Axolotl's first day at the library and he's super excited that he shouted "HOORAY HOORAY HOORAY HORRAY!"

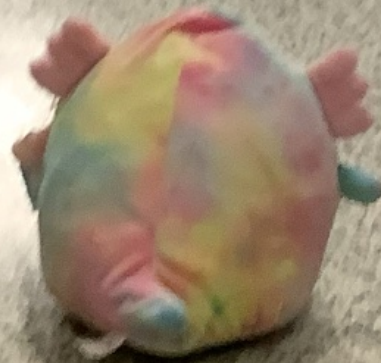

He looks at the mural  
and say "wow this is  
pretty beautiful!"

As he walks into the  
second floor he says  
"budum budum  
budum."

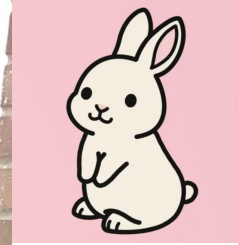

He walks into to the  
play area and "wow  
wow wowwowow."

He came here because  
his friends came here  
and told him how great  
it was.

He was looking at all  
the books and he  
though "holly cow that's  
a lot of books!"

Then he was playing  
with the barnyard toys  
and thought "WOW, I  
really want to live  
here!"

Then he got really sleepy and he fell asleep on the comfy chair, and when he woke up he realized that it was time for him to go home.
