

The caterpillar lost his home

By Hadley and Myah

The caterpillar
had lost his
home! What's
he gonna do?

Now he needs to find a new home but
he can't do that. There is only one
little den left. There was a rainbow in
the sky cause it rained.

Than he had found his
new home!

And he had checked it
to see if it was hard.

And it was perfect!

This book is my
favorite! This
caterpillar is the
happiest because he
found everything he
needed!!
And there was a
rainbow in the sky!!
This is
the end
