

FRIENDSHIP

Friendship is important
because friendship is
being kind to one another
and it also means you are
making friends!

Life is better
with friends :)

We like playing
Tag with our
friends and play a
lot of games. We
also love doing
crafts with our
friends.

We have
strong
friendships
because we
meet up
every week to
read books 📖

We have a strong
friendship because
we get to know each
other better every
week!

We love the library
because it has some
of our favorite books
about unicorns,
mermaids and
fairies.

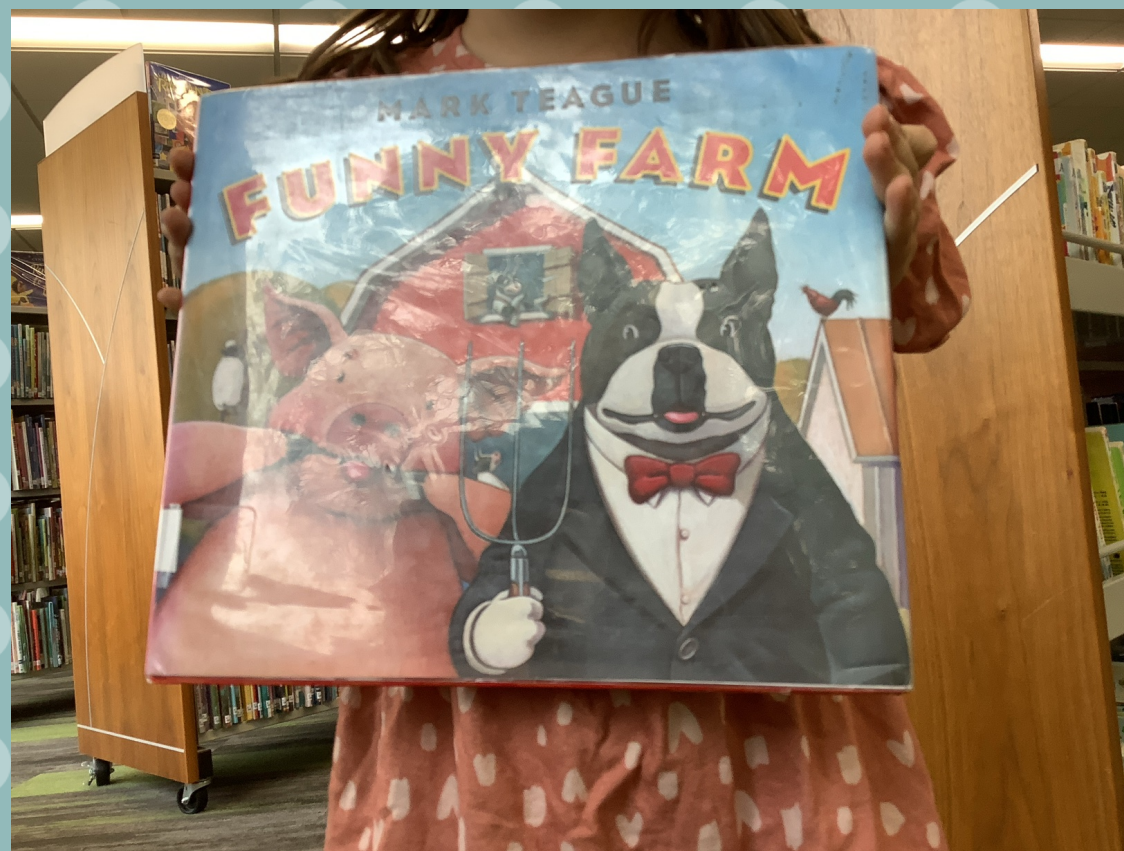

The toys and activities
are fun to play with,
we love to play with
the chickens and eggs.
There's also a cookout
area/ farm that's fun
to play in!

We love to
read in the
back of the
library on a
mini couch! 🤪

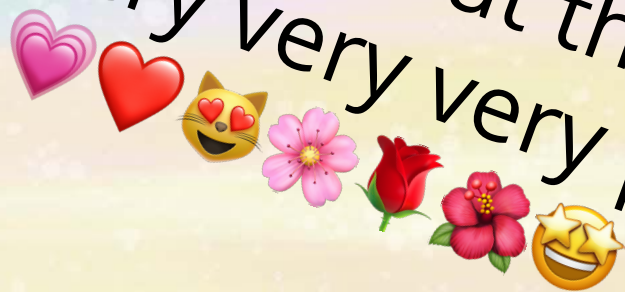

We love reading
the book called
funny farm!!

The library has all sorts of books like, graphic novels, younger kids books, adult books, picture books, and some more advanced books for kids. 🧒👧

There is cool thing
outside to do. The
flowers out there are
very very very pretty

There is a lot of
fun at the library.
But mostly when
we are gone from
the library, we
miss our reading
buddies!! 😊😭

!!!THE
END!!!
