

*Violet
the
unicorns
how she
gets up*

By: Macy and Alaney

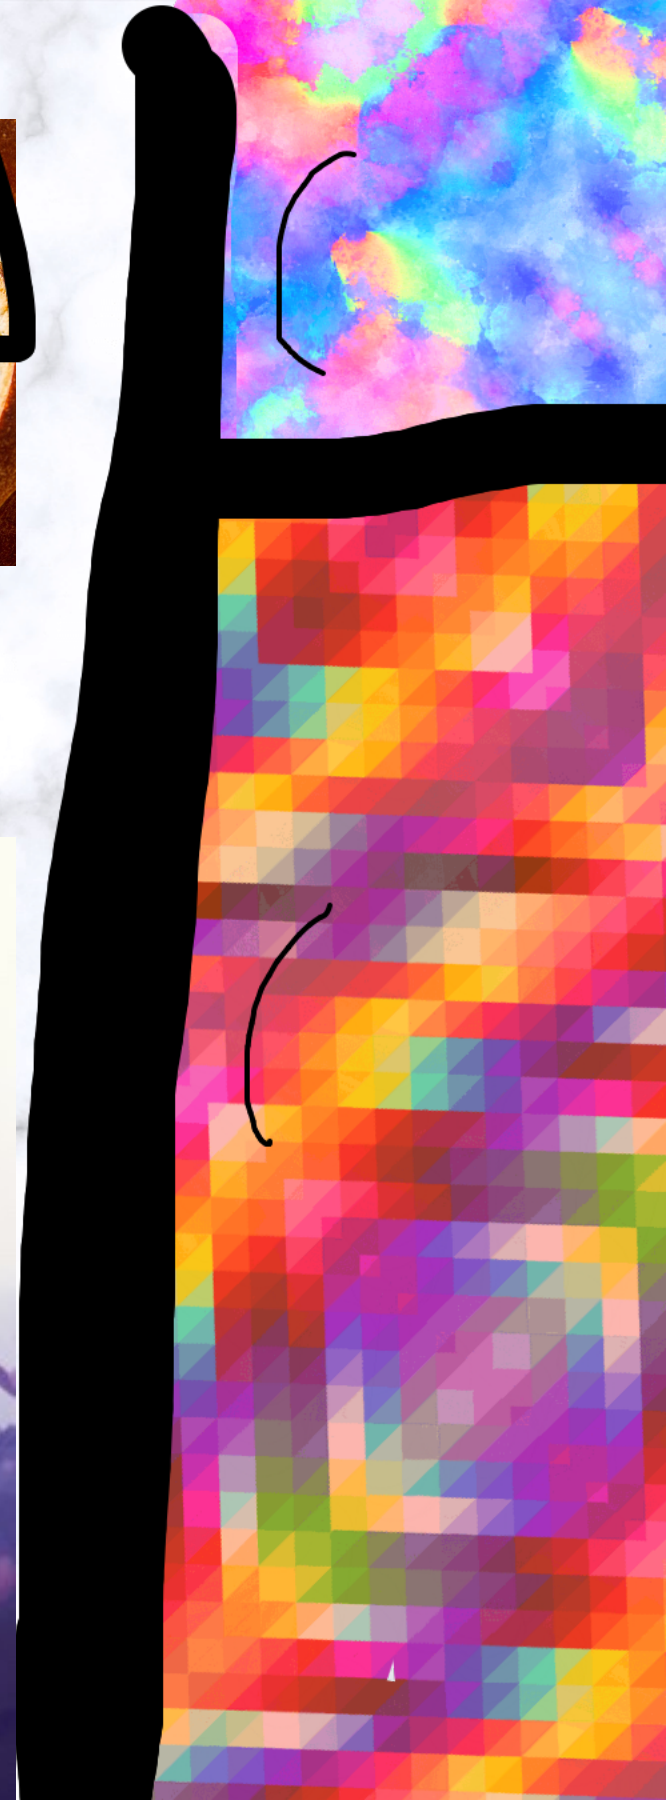

One day violet the unicorn was starting to wake up. She was feeling happy because she was so excited to see her friends. Today she was having a picnic with them at the park.

When she got up she
went to go brush
her teeth, washed
her face. Then, she
took a shower and
brushed her main
and tail.

After she got ready
she was looking in
the fridge. She
then realized that
she had no bread
for her toast. She
was upset 😞

To solve this problem
she goes to the grocery
store to get bread for
her toast.

They finally made it in time
for the picnic! She was so
tired from going shopping for
the bread that she needed.
She deserved this picnic with
her friend.
