### STEPS TO KITTY:

**Step 1:** Cut out kitty template

**Step 2:** Trace template onto cardboard

**Step 3:** Cut out kitty – Cut on the dotted lines between the legs to make the stand

**Step 4:** Leave the head and body cardboard color or change the color of your kitty using crayons or markers. Now add eyes, draw them on, or cut out and glue on the printed eyes from the template sheet, or glue on googly eyes. Draw a nose, mouth, and whiskers. Use a marker or crayon to draw on the kitty's toes.

**Step 5:** Measure and cut a piece of yarn to 10 feet.

**Step 6:** Make a small slit in the neck of your kitty to hold the yarn. Put the yarn through the slit and leave the end in the back. Wind the yarn around the kitty – covering the body to the legs. Tuck the end of the yarn under in the back of the kitty.

**Step 7:** Tie a bow around the kitty's neck using a piece of yarn or ribbon. You can add other decorations and give your kitty a fancy look.
